To: Administrative Law Judge Arthur I. Steinberg

PETITION FOR LEAVE TO AMEND

Richard P. Bott, II ("Bott"), by his counsel, hereby petitions, pursuant to Section 73.3522(b) of the Commission's rules, for leave to amend his above-captioned pending application in accordance with the attached amendment.<sup>1</sup>

The amendment is required pursuant to Section 1.65 of the Commission's rules. It covers two subjects: a recent change of Bott's address, and a correction of the expense figures submitted by Bott as required by Section 73.3597(c)(3)(ii).

Section 1.65 states that an applicant is responsible for the continuing accuracy of information contained in a pending application. Bott's submission of the within amendment is consistent with that responsibility.

<sup>1</sup> The original signed amendment is being filed with the Secretary's office concurrently with the filing of this petition.

WHEREFORE, it is requested that the within amendment be accepted.

Respectfully submitted,

RICHARD P. BOTT, II

**AMENDMENT**

Please amend my pending application for assignment of the permit for KCVI as follows:

1. Change my address and telephone number in Section I, Part I, effective July 2, 1993, to:

Richard P. Bott, II  
11974 Connell  
Overland Park, KS 66213  
(913) 681-0211

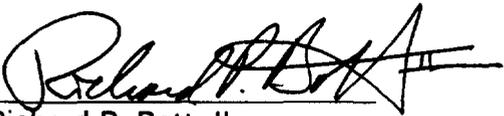

2. Revise my costs, as shown in the amendment filed October 14, 1992, pursuant to Section 73.3597(c), in the following respects:

(A) Add the attached correspondence to me from Richard L. Biby, Donald L. Markley and Ron Grandmaison. Consistent with that correspondence, reduce the engineering costs paid to Mr. Grandmaison to \$947.00, a reduction of \$1,042.00.

(B) Eliminate the costs paid to Tabcon, a reduction of \$1,739.00. I had believed that all five listed engineering firms performed work on the Blackfoot project, but in recently re-examining the engineering services for the project, I could not confirm that work was done by Tabcon. I am therefore eliminating the payments to Tabcon from my listing of Blackfoot costs.

(C) As a result of the reductions in (A), and (B), the total engineering expenses are now \$8,832.71, and the total expenses overall are \$91,582.40, rather than \$94,363.40.

Respectfully submitted,

  
Richard P. Bott, II

Dear Mr. Bott:

This will confirm that in late 1987 my firm prepared a "Joint Engineering Study" evaluating the coverage of two pending broadcast applications to serve Blackfoot, ID. The total fee for our services was \$2,500, split equally between you and Clare M. Ferguson. We received your portion of the payment (\$1250.00) in full.

Should you have any questions, please let us know.

Sincerely yours,

Richard L. Biby, P.E.

Dear Rich:

With regard to your construction permit at Blackfoot, Idaho, this will confirm that our firm performed a study of non-ionizing radiation for that project. For that study, the total bill was \$62.50 which has been paid by you in full.

Sincerely yours,

Donald L. Markley, P.E.

Dear Rich:

As you requested, I have examined my records concerning charges to you for consulting engineering services, for which you made payment in 1985. My records show that of the total of \$1989 billed to and paid by you, \$947 was billed for services on your Blackfoot project. The balance was with respect to your Central Valley project.

Sincerely,
